

**Vision of the Lehigh Valley Greenways Conservation Landscape:**  
Lehigh Valley communities are linked to greenways, trails, and outdoor experiences resulting in stronger local economies and improved public health, green infrastructure and natural resources

**Goals:**

**1: Land Conservation & Restoration** - Conserve critical landscapes, restore degraded habitats including stream corridors, and promote best management practices

**2: Outdoor Recreation & Trail Connections** - Connect people to greenway and trail opportunities to promote healthy living, recreation, and the region's green assets

**3: Community Revitalization** – Support community revitalization through green infrastructure that enhances the quality of life

**4: Local Education & Outreach** – Promote understanding of our natural environment and its benefits to our communities
